

About Rainbow Park as a learning destination

Rainbow Amusement Park is located on the North Norfolk coast in the Victorian Seaside town of Hunstanton. We are situated right on the sea front. There is designated parking for cars and coaches within walking distance and by having council run toilets opposite the site, it is easily accessible with all the necessary amenities close at hand.

There have been fairground rides in and around Hunstanton since 1880. Our family have owned rides on the site for over 50 years and now completely under our new ownership we are hoping to make Rainbow Amusement park the attraction to visit in Hunstanton and Norfolk. As a family owned business what we offer is something very special, giving the visitor a more personal experience than the larger theme parks can provide.

Rainbow Park is an ideal venue for an out of classroom learning experience. It offers a unique combination of auditory, visual and kinaesthetic learning opportunities. A school trip to Rainbow Park will fill your pupils with enthusiasm and leave them with a memorable experience filled with fun. We can cater to your requirements if you would like a more educationally guided visit. You will be able to include local history as well as maths, science, art and literacy in to your school trip. Why not incorporate your visit to us with an excursion to the beach or Hunstanton's famous striped cliffs enabling you to look first hand at environmental issues. If you have time, the Sealife Sanctuary is in close proximity and is another fantastic addition to your planned outing. With so much to see and do why go anywhere else?

Please contact us for more information at www.rainbow-park.co.uk we look forward to welcoming you to Rainbow Amusement Park.
